NOVA – GENERAL INSURANCE SYSTEM

*Built for General Insurance. Proven,
Stable, and AI-Ready*

NOVA – GENERAL INSURANCE SYSTEM

As insurance companies continue to evolve, the need for stability, speed, and intelligent operations to meet ever-changing customer expectations has become critical. Insurers today require more than just a core system—they need a platform that enables them to expand distribution channels, manage risk effectively, and accelerate claims processing, while driving innovation and sustainable growth.

Nova – General Insurance System is built to meet this demand—empowering insurers to digitize operations, automate workflows, streamline underwriting across personal and commercial lines, and deliver faster, seamless claims experiences.

KEY HIGHLIGHTS

Nova is designed to address the core priorities of modern insurers — enabling them to operate smarter, respond faster, and scale efficiently.

SMARTER UNDERWRITING

Enhance risk assessment across personal and commercial lines with intelligent rules and consistent decision-making.

FASTER CLAIMS SETTLEMENT

Accelerate claims across multiple lines of business with automated workflows and efficient processing.

MULTI-DISTRIBUTION CHANNELS

Expand reach across agents, brokers, bancassurance through digital platforms, WhatsApp, and AI chatbots.

CONFIGURATION-DRIVEN SYSTEM

Launch and adapt diverse general insurance products quickly with a flexible, no-code framework.

KEY FEATURES

- **Configuration-Driven Product Framework**
No-code configuration to launch personal and commercial line products.
- **Intelligent Workflow & Automation Engine**
Automate underwriting, policy, and claims across personal and commercial lines.
- **Automated Rating Engine**
Configure pricing models for diverse risk profiles and products.
- **Business Rules Engine**
Manage underwriting, claims, and compliance with speed and control.
- **Integrated Finance & Reinsurance Management**
Support financial reporting and ensure financial accuracy.
- **Pre-Configured Product Library**
Accelerate go-to-market with Pre-Configured 60+ products.
